The Little Girl at the Bottom of the Picture

a journey of selfless discovery

Edie White’s altruistic submission of a DNA sample propels her—and her husband, Jeremy—into an epic, transformational adventure that resolves a trio of daunting mysteries, including one plaguing an enthusiastic horde of gangster-adjacent Ukrainian Americans for two-thirds of a century...

About the author

Jeremy White is a tenured cynic who penned a hopeful book. He founded South Louisiana’s premier satirical publication in 2004, eight years before relaunching the award-winning *Red Shtick Magazine* as its all-digital progeny, *The Red Shtick*. The comic-turned-writer created and produced Baton Rouge’s first and only weekly stand-up open mic for years, during which Jeremy hosted and produced *The Red Stick Comedy Block*, a locally broadcast, weekly half-hour TV show featuring area comics performing before live audiences around town. Jeremy earned a bachelor’s degree in mechanical engineering at LSU, where he met his wife, Edie. They’ve been happily married since 1992 and live in Baton Rouge with their cat, Waffles.

“...makes good on its promise of engaging the reader.”

“With an eye for detail and a heart meant for getting at the crux of complicated matters, Jeremy White painstakingly brings his wife’s adoption search journey to the written page.”

—Julie Ryan McGue, author of the award-winning memoir
Twice a Daughter: A Search for Identity, Family, and Belonging
